## Criteria for starting a Romans 16:5 church as you begin a new chapter of following HIM:

1. **Begin seeking a person or group that God has made hungry for Himself**, by prayerwalking or by asking for God-arranged encounters with them.
2. **Begin gathering weekly with 1 or more** of these persons as the embryo of an elemental church...do as much as God has them ready for: eat, share, pray for personal or family needs...
3. Rather than do everything exactly the way it is shared in this "university" just follow God's Spirit & Word **in the way He leads you** and your "Paul" to live-out these truths...2 Tim. 2:2.
4. Be connected to a Christian Leader for **on-going wise-counsel** before you begin a group.

**Cost:** Lay down your life for God & the cause of His Kingdom in the lives of an overlooked group!
